When meeting a dog...

1. Always ask the guardian's permission before petting a dog you don't know.
2. If the guardians say okay let the dog sniff you. Start slowly allowing the dog to sniff the back of your hand. Keep your fingers tucked in.
3. Very gently pet the dog's side, under its chin or back.
4. Do not pet a sleeping dog, a dog playing with a toy, a dog eating or a dog behind a fence.
